Next Meeting:

Technique & Design

Friday November 18th, 2011 7:00 PM

The Woodworking Shop

3141 Capital Boulevard Raleigh, NC

Several members meet at 6:00pm Buffalo Brothers Pizza & Wings for dinner prior to the meeting. Please feel free to join us!

Friday

November 18th, 2011

Subject: Technique & Design

Speaker: Chris Gochnour

Workshop: November 19th & 20th

We have secured well known *Fine Woodworking* contributor **Chris Gochnour** who will present his methods and works on Friday evening. Chris is an experienced artisan, designer and hand-tool expert who specializes in traditional woodworking technique and design. Chris also shares his craft by teaching and writing about woodworking.

Chris will be conducting our weekend workshop on Saturday (19th) and Sunday (20th). He will be making his classic toolchest using hand tools and will interact with participants as he does so. This workshop has been presented to other woodworking clubs and from their reactions it has been a very enjoyable experience.

Roy Underhill has generously allowed us the use of his woodworking school in Pittsboro. As space is limited you are advised to sign up early. The cost of the workshop is \$70 for both days.

To learn more about Chris, check out his website at <http://www.chrisgochnour.com>.

Host: Mike Reddyhoff

December 13th, 2011

Calling for ALL toys

Please join all the TWA toy makers at our December General meeting. We encourage spouses and guests to join us for this special meeting.

Location: The Preserve Club House at 1153 Smith Creek Way, Wake Forest, NC 27587

Thanks to the residents of the Preserve and Charles Buenzli, who arranged the schedule to fit us in. With this facility we will have adequate space to show all toys.

Guest Speaker: Roy Underhill

Thanks also to Bill Anderson who has arranged Roy Underhill to be our guest speaker again this year.

Directions and agenda on page 5.

The call for help is very strong from those that are suffering the most because of our economic slow down. Please double down your efforts in the few weeks remaining and lets help as many children as we can. Just one added toy will make a difference.

Host: Fred Ford

TWA Raffle

More than half of the 100 tickets available have been sold. Be sure to get your ticket(s) now. The drawing will be held at the December Toys for Tots meeting. Tickets are \$10.00 each.

BY THE NUMBERS

Treasurer's Report

| | |
|-------------------------|------------|
| Beginning Bank Balance: | \$9,370.64 |
| Income: | \$229.00 |
| Expense: | \$6.37 |
| Ending Bank Balance: | \$9,593.27 |

Note that these figures, as usual, exclude the petty cash fund, as well as the other "slush" funds.

Some notables: \$590.00 in the sharpener raffle & \$527.00 in Toys for Tots donations.

Submitted by: Hugh Fish

THE PRESIDENTS CORNER

At our October meeting, we recognized Pete Bucki for his efforts in obtaining a Worksharp 3000 and attachments to be raffled for the benefit of the Toys for Tots project. The last time I wrote this column, I said that the Worksharp raffle would be a great help, but only a one-time thing. As usual, my prediction was wrong. Pete was not satisfied with just one Worksharp and submitted an entry into the manufacturer's monthly contest and has won some additional products to be raffled for the benefit of Toys for Tots. While on the subject of Toys for Tots, there is still time to help at a workshop or to make some toys on your own, be sure to sign up to help make it a great year for kids. Please give a day or 1/2 day to make the project a big success. It is not much work and you get to spend time with other members all for a good cause.

Special: We are accepting donations for the Toys for Tots program to continue. We informed everyone last month of the rising cost to continue this worthy program. We are very concerned with our ability to continue if funding help is not received. Please consider what you can give to help keep this worthy project afloat in the future. Donations can be kept confidential if you like. Hugh Fish or any Board member will be happy to accept your gift.

Roger Philyaw has been diligently working on making our website more inviting and informative. He has asked me to remind everyone that the old website is being shut down as soon as we can get some information transferred to the new site and that the old site is not being updated. Please be sure you are checking only the new site for things concerning TWA like our calendar and newsletters.

Amy Dowden stepped up on pretty short notice to fill in for Chris Gouchnour who needed to be rescheduled to November. She spoke on and demonstrated "Google Sketchup", a computer-aided drafting program which is a free download at www.Sketchup.Google.com. It was a great presentation. I have tried to understand several CAD programs and failed. There was just too much of a learning curve for something I would not use every day. (I am really good at forgetting things I don't use frequently.) After Amy's

presentation, I am ready to try again. I think I actually understand what's going on. She did a great job and has agreed to be a mentor for those of us who try Sketchup and need a bit of guidance.

The November meeting will be on Friday the 18th, not Tuesday the 15th as previously planned. Chris Gouchnour will be speaking and there will be a workshop on the 19th and 20th at Roy Underhill's shop in Pittsboro.

My last item for this month is that we are asking members to invite a guest you think would enjoy our club to visit and join. We aren't suggesting a hard sell, but if you know someone who might enjoy it, please invite them to a meeting. To that end, we will have flyers available for you to give to your prospective guests.

Hope to see many faces in November!

President: Allan Campbell

MEETING MINUTES

OCTOBER 2011

The meeting was opened by our President, Allan Campbell. Allan welcomed visitors and encouraged them to join the club.

Announcements:

- Allan announced that Pete Bucki was as going to be selling the remainder of the Worksharp raffle tickets at the Klingspor Extravaganza in Hickory. The raffle tickets are for the benefit of the Toys for Tots program. Tickets are \$10.00 dollars each with a limited number of tickets (100). The drawing will be held when all tickets have been sold or the Board ends the sale.
- Our facilities and refreshment manager, Chuck Arnold and our librarian, Kay Baker are both in need of a helper or two. Anyone who can help out in these areas on occasion is asked to contact Chuck or Kay.
- Fred Ford gave a brief report of the current Toys for Tots program. Fred had a meeting with the Marines to determine how our toy making efforts are helping with their program. Fred was very happy to report that our toys are very much in demand by the organizations that the Marines help out. The Marines are requesting as many toy as we can produce.
- Kay has some new books in the library for our use.
- Our new web master Roger Philyaw is continuing to update and improve our new web page at www.trianglewoodworks.com. The old web site will no longer be updated.
- Bill Anderson has an article in Fine Woodwork on building a Bow Saw. Bill also built the bow that was on Roy Underhill's show the Woodwrights Shop seen on the PBS television station.

"Christmas, my child, is love in action."

MEETING MINUTES CONT.

• Mark Kegler is expanding his shop and is looking for tenants who would like to sublet a small part of the new shop. He will also offering a reward of \$250.00 dollars to anyone who puts him in contact with someone who rents out part of the shop for 6 months.

Program:

Amy Dowden was good enough to fill in on short notice and provided us with an excellent presentation on using the Goole Sketchup product. Amy demonstrated the basic functions of the product, and how to use these functions to create plans for just about any project you can dream up. Amy has also volunteered to act as a club mentor for the product and will help anyone who has problems using it.

Respectfully submitted by: **Joe Gorman - secretary**

TWA is on Facebook

On our website www.trianglewoodworkers.com you can hit the link to "like" us on facebook or if you do not have a facebook page you can create one if you like. Or you can go to www.facebook.com and search for TWA and add us as a friend.

A Note from Our Webmaster

With the change of seasons, there are changes in store for the TWA website as well. Many thanks to Jim Kroeger for getting me the items from the old website, I'll be starting work on getting it moved over to the new site just as soon as possible.

I'd also like to ask a favor of the members. Part of the changes to the site will be making the home page a more welcoming area for both members and non-members who may be interested in learning more about TWA. The changes can be anything from background colors to photos to a welcome message. So please feel free to let me know what you'd like to see on the home page or anywhere else on the site.

Thanks, and happy surfing!

Respectfully submitted by: **Roger Philyaw - Webmaster**

MEMBERSHIP PAGE

Some things are just too large, bulky, and/or heavy to cart to our monthly meeting to show. I am now accepting *email Show and Tell*. I encourage all to send me photos of your item and a detailed explanation, whatever you would like to share.

Toys for Tots

“Christmas is a magical and wonderful time -- especially through the eyes of a child. Christmas music fills the air. Television commercials bring about excitement for weeks leading up to this special day, Children are constantly making and remaking their list to Santa. For days, they can barely sleep -- thinking of all the presents that will surely be under the tree Christmas morning.”

Quote from Bill Grein Vice President of the Marine Toys for Tots Foundation.

Bill goes on to say that unfortunately there are Children that will not see toys on Christmas. Toys for Tots does what it can to reach as many unfortunate children as possible, and they do a good job thanks to all who help.

Taken from the Marine Corps site: *The primary goal of Toys for Tots is to deliver, through a new toy at Christmas, a message of hope to less fortunate youngsters that will assist them in becoming responsible, productive, patriotic citizens.* [Http://www.toysfortots.org](http://www.toysfortots.org)

Your help is very important. Keep up the good work. Only a few more weeks to go. It breaks my heart to think that even one child in this country will wake up on Christmas morning and wonder why Santa did not come. We can help stop that from happening. All you do and are doing is so greatly appreciated by more people than you realize. God Bless all of you elves.

Toys for Tots Chairman: Fred Ford

Orange County California Woodworking Club Delivers a Gift of Hope for the Kids and the Troops

Club member Bernie Bogdon has shared his logging truck (shown on this page) with a friend in California and his friend shared with Bernie what his club does, not only for kids but also for Hospitals and our Troops stationed abroad. The Holidays can be very difficult for so many people and with the gift we are able to share by one small gesture of a toy, or a pen, or a box, we can make such

Gifts of time and love are surely the basic ingredients of a truly merry Christmas."
~ Peg Bracken.

The Great NC Dismal Swamp Logging Truck

As in past years I've joined with about 5 other wood workers to build toy items for Toys for Tots for the Christmas Season. I built the model for this year's project which another more capable member took and modified in order for it to be mass produced in another member's workshop (50 trucks is the goal). He used alternative wood of a better quality and designed cuts into the wood to facilitate assembly and also reduce the weight to be more compatible with a youngster's hand strength. But it was a collaborative event with all 6 members adding into it their years of wood intelligence.

Well we are 3 days into it and attached is VIN #001 and hopefully in one more day will we finish the goal number.

It is always a joy and feeling of satisfaction to build a toy which will take more than an hour to destroy.

Respectfully Submitted by: *Bernie Bogdon*

A Message of Hope

December 13th, 2011

a profound difference in peoples' lives. It touches my heart and I hope it will touch yours as you read this short email exchange. I hope that you will take a few moments and go to the website of this club and see the work they are doing. It is amazing! Truly a testament to what a few people can do. www.octurners.com

I also have great hope that stories like this will help our own club want to do more.

Thank You Bernie for sharing with the Board and I hope you do not mind that I am sharing with the club.

Diane

Maury and Bernie,

I enjoyed your pictures of the logging truck. I belong to a woodworking group here in Orange County (check out our web site) www.octurners.com, click on the videos and pictures icon and the toy icon on the home page.

We make toys also and last year we made over 5400 toys and this year we are already at 6500 toys. We have several commercial businesses that give us their left over walnut, oak, maple and other hard woods.

We have about 40 organizations we give them to at Christmas and we keep about 1500 toys back to give to a Childrens hospital during the year. As you can see they are very well made toys and are the favorites of the kids.

During the year we have various contests to come up with new designs to have all make in quantities. We also make some special keepsake boxes that we give to the hospitals so that when a child passes, the hospital staff will put a lock of their hair and other keepsakes in the box and present it to the family for their memories forever.

Keep up the good work and Bernie if you ever get to Ca. give me a call.

Len

Workshop Status Report

| Team Leader | Host Location | "Planned" Toys | # Planned | # Made |
|------------------------|-------------------|---------------------------------|-----------------|--------------|

Membership Chairman: Kay Baker

Mentors Wanted/Needed

The purpose of TWA is to provide a forum for woodworkers to gather, exchange information & further the art of woodworking. To this end, those more skilled woodworkers are encouraged to become a Mentor to provide knowledge to other members regarding areas of the Mentors skill, experience & knowledge. If you are interested in being a mentor, and willing to help a fellow woodworker discover answers to their questions, please contact Larry Bradbury, 919-518-6891 or lbradbury12@yahoo.com

Christmas! The very word brings joy to our hearts. No matter how we may dread the rush, the long Christmas lists for gifts and cards to be bought and given--when Christmas Day comes there is still the same warm feeling we had as children, the same warmth that enfolds our hearts and our homes."

~ Joan Winmill Brown, American author and editor

Mentors

The purpose of this program is to have a reference guide of whom to call when you need to "pick someone's brain", because *Rule #1 in woodworking: nobody has a monopoly on brains!* This list of people includes: contact information, projects the Mentors are comfortable offering advice about, and skills they would be able to help with.

CLASSIFIED ADS

Classified ads are free to all members. To have an item posted send a note to: TriangleWoodworkers@gmail.com or our Newsletter editor: irishrose2365@yahoo.com.

All ads will run for 2 months unless otherwise notified.

TWA LIBRARY

All TWA members are welcome to sign out a maximum of three items at a time. Items checked out are due to be returned at the next monthly meeting. Returned items should be placed in the "Returns" box in the library area. The late fee for each item is \$2.00 per month. Any late fee's owed by a member must be paid before any further materials can be checked out by that member. If you know you can't make it to the next meeting you can avoid the late fee(s) by mailing the item(s) to Kay Baker, 610 Benfield Ct., Garner, NC 27529, or by calling (919) 696-8504.

As we all share a love for wood -- we would like to share the media which we have at our disposal as well. Please be conscious of your fellow member and return items in a timely manner.

To Check Out an Item

Find the circulation card located in the back of books and inside of any material in a case. Sign and add the current date to the card. Place the card in the wooden "Check-out-Box" located on top of the library cart.

Librarian: **Kay Baker**
