Tuesday

June 19th, 2012

7:00 PM

The Woodworking Shop
3141 Capital Boulevard, Raleigh, NC

Several members meet at 6:00pm Buffalo Brothers Pizza & Wings for dinner prior to the meeting. Please join us!

Tuesday

June 19th, 2012

Subject: Handcrafted Windsor Chairs
Speaker: Elia Bizzarri

Elia builds Windsor chairs the old-fashioned way, like the 18th century way! This incredibly gifted chair maker works out of his shop near Pittsboro, NC. He teaches Windsor chair making at various schools, including the Woodwright's School in Pittsboro. His chairs are amazingly comfortable, and in this presentation he will show us how he shapes and bores the seats that are an integral part of that comfort.

~~~ *On a clear autumn morning, a friend and I search the woods for the perfect windfallen oak or hickory log. We cut the log, split it up where it falls and haul it home. The wood has hardly missed its leaves before it finds itself part of a beautiful chair.*

*The woodworking tools and techniques I use are many centuries old. All the items I make bear the marks of my hand tools. The quiet of my shop is reminiscent of a pre-industrial country woodshop. Like 18th century woodworkers I use safe, non-toxic finishes that protect your health, my health and the health of our planet.*

*The feel of a razor sharp drawknife slicing pungent oak shavings from a chair spindle . . . the sight of long ribbons of fresh maple flying off the lathe to land in a pile of curls at my feet . . . these are the pleasures of my life.~~~*

**Host: Jeff Leimberger**

Leon Abbas is searching for a sharpening stone belonging to him that disappeared at the May meeting. As it was inherited from his dad's shop he would love to have it back. If someone has

knowledge of the stone's whereabouts please email Leon at [labbas@nc.rr.com](mailto:labbas@nc.rr.com) or drop it off to the sales desk at the store. Thanks for everyone's help.

**Membership**  
**current term ends July 31, 2012**

Renewal dues are \$40.00(email) ~ Spouses are \$1.00. We no longer offer hard copy newsletters, however, if you are grandfathered in the renewal fee is \$45.00. I will plan to be at the next meeting by 6:30 pm to collect payments. Hope to see you all there.  
***Make all checks payable to TWA.***

**Membership Chairman: Kay Baker**

*Dad,*

for all those times  
I left it unsaid...  
Thank You.  
Thanks for being there  
for me... For showing  
me the way...  
For being patient with  
me even when I made it  
difficult for you...  
For believing in me &  
encouraging me to  
dream...  
and being such an inspiring  
presence in my life.

# ABOUT THE TRIANGLE WOODWORKERS ASSOCIATION (TWA)

The Triangle Woodworkers Association (TWA) is a nonprofit educational corporation. The TWA is dedicated to teaching woodworking techniques through seminars, classes, and workshops; participants are required to sign waivers absolving liability for TWA or its designated representatives. The TWA promotes woodworking education and community interest in woodworking and in general sharing a love for wood.

A colored dot on a name tag indicates that the member is new, so be sure to say hello and welcome them.

**Membership Chairman: Kay Baker**

# Meeting Minutes

## MAY 2012

The meeting came to order at approximately 7pm with Vice President Jeff Leimberger presiding.

### Announcements:

Ed Mastin has joined the committee to nominate the new board members. The election will be in August.

Mike Payst brought in the leg vise he made out of Southern Yellow Pine. He explained

## THE PRESIDENTS CORNER

I am sorry that I was unable to attend the last meeting as I would have enjoyed the presentation on Thomas Day. He was a fascinating character in a time when social and legal rules were greatly different from those we have today. If you haven't seen the exhibit on his life and furniture at the History Museum downtown, you really should take the time.

As required by our governing documents, I have appointed a *Nominating Committee* consisting of Fred Ford, Terry Tenhouse and Ed Mastin. They will be presenting their slate of nominees for Board positions at the June meeting. I will also ask for any nominations from the floor. The list of all nominees will be published in the July newsletter. The nominees may introduce themselves at the July meeting. August is election time and the new Board members will be decided. Letter votes are encouraged if you can't attend the August meeting and want to vote. Send me a letter with your vote and it will be counted. Although our governing documents do not mention e-mail voting, I will an e-mail vote as I believe the documents would allow it if we had thought of e-mail at the time they were written.

Starting with the April meeting and continuing for some time, we will have more than one raffle at each meeting. Largely through Pete Bucki's efforts, we have been given a variety of merchandise to be used for the benefit of Toys for Tots. In this column each month I will be announcing what the T4T Raffle item(s) will be for the coming meeting. Currently we have a Worksharp Knife Sharpener valued at about \$70 which will be drawn at the June meeting; a Drill Doctor bit sharpener for which tickets will go on sale in June; and a Worksharp 3000. In addition, we have several 10" and 7 1/2" carbide saw blades, compliments of Raleigh Saw.

For the higher value items which have been donated, we will be selling tickets for more than \$1, and/or selling a minimum number of tickets before holding a drawing. I am sure all will understand that we should be sure to get a fair value for these items while still giving our members a chance at a nice win for a reasonable price.

While we have eliminated most of the 1 person committees, there are still a few opportunities for members to help administer the

how he built it and the cost of the materials. The vise would prove to be an excellent addition to any work bench.

### Program:

Our program was on the Life of Thomas Day and was presented by Jerome Bias. Thomas Day was a master cabinet maker and a free man of color in the antebellum south, not exactly the best place to be. Mr. Day not only managed to overcome the short comings of his position and survive but he also built a very prosperous business and was considered to be an outstanding member of the community. Jerome covers all of this and more, highlighting his skill in the design and build of furniture and homes. The North Carolina Museum of History has an excellent display of Mr. Day's furniture some of which even include the original bill of sale. The presentation has over one hundred examples of his work and will be on display thru November. The display is well worth the trip to the museum.

**"When a father gives to his son, both laugh;  
when a son gives to his father, both cry."**

~William Shakespeare

club activities. I would like to add someone to the audio-visual and facilities and refreshment committees. If you would be willing to volunteer for one of these assignments, please let me know. Also, if these committees do not seem to fit well with your skills and/or interests, but you would like to help the club in some capacity, please let me know. We never let a volunteer go!

Diane has told me that she received a response to Mark Keglers ad offering to rent space and, well let me put it in her own words: "*if Mark Keglers rents space via our facebook page that will be a great thing. When a request via facebook is received -- I get an email -- because Mark was the first one to use my new addition to the newsletter (Items Wanted, Wanted Items) I was able to respond to her (the prospective tenant) very quickly. If more folks would advertise what they offer and I get a hit on facebook I can direct them and help out the membership. See -- facebook rocks!*"

Leon Abbas tells me that a sharpening stone belonging to him disappeared at the May meeting. As it was inherited from his dad's shop and it's a good stone, he would love to have it back. If someone has knowledge of the stone's whereabouts please email Leon at labbas@nc.rr.com or drop it off to the sales desk at the store or give me call. Thanks for everyone's help.

I continue my efforts to increase membership in our Club and my desire to share our love for wood and ask my fellow members to invite a guest to visit and hopefully join. I am not suggesting a hard sell, but if you know someone who might enjoy us, please invite them to a meeting. To that end, we will have flyers available for you to give to your prospective guests.

Hope to see many faces in June!

**President: Allan Campbell**

## Michael Joerling

July 17<sup>th</sup>, 2012

### surface decoration of furniture

Michael is an artisan that builds furniture and sculpts wood in his shop outside Chapel Hill, NC. Trained as an artist, Michael uses wood as his medium. He has exhibited his work in galleries in several states and his work has found a home in the collections of several museums.

Michael will demonstrate techniques for surface decoration of furniture, including carving through veneer to reveal the underlying contrasting wood and texturing. He will also talk about the use of negative space in design.

## Items Wanted Wanted Items

**Shop space for lease.** Large 20,000 Sqft Co-Op shop looking for subtenants to share space with access to industrial level 3phase tools. Utilities are included for \$1 per Sqft a month with minimum 500 sqft per person for personal "bench space". Access to the common areas of the shop and the common tools are part of the lease. Downtown Raleigh, near Glenwood south area. Projected move-in during April.

Contact: Mark Keglars 919-608-7220

## Leg vise Workshop

**"I would want my legacy to be that I was a great son, father and friend." ~Dante Hall**

At the May meeting, I showed a wooden leg vise that I designed and several members asked "When's the work-shop?"

In response, Cecil Raynor and I (Mike Payst) are planning a two-day leg-vise workshop during July or August at Cecil's workshop in North Raleigh.

The proposed cost will be around \$75 with wood and hardware included. We will have a sign-up sheet at the June TWA meeting. Attendance will be limited to six participants.

Attendees can choose between a wooden flywheel actuator with a knob (as shown) or a conventional wooden tommy bar. Vise height and parallel guide (the board with the many holes) location can be varied to suit your existing or proposed bench. The vise leg is 5" square and made of 4 plies of SYP.

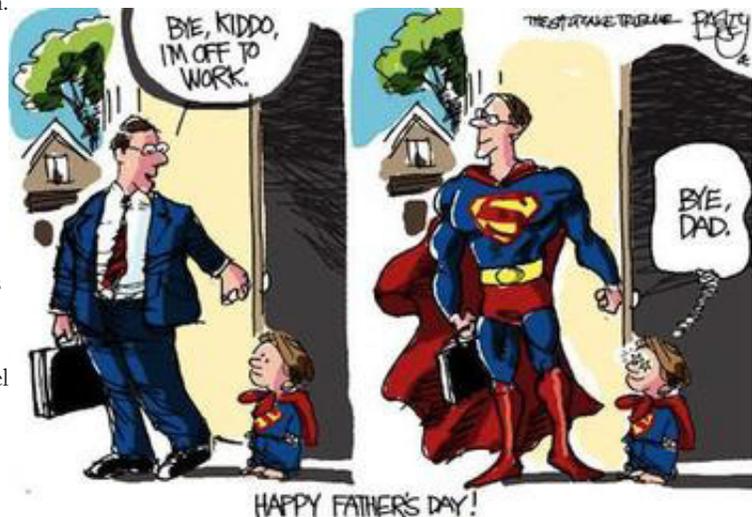

Wooden leg vises had been used for centuries and then fell out of favor. I got hooked on leg vises after building a Ruobo-style workbench (see Oct. 2010 TWA newsletter) that included a leg vise last year.

My first leg vise did not work as smoothly as I would have liked and since then I have been refining the design. Changes include an Acme screw, two ball bearings, and a wooden flywheel actuator. The vise chop hangs from the screw on a ball bearing thus unloading the chop's weight from the parallel guide.

After the workshop, what would you do with what you built? Here are a couple of ideas:

You could build a bench around your leg vise by sawing a tenon on the top and adding two mortises for your base's rails.

Or, I clamp my leg vise in my workbench's end vise and use it as a face vise. Also, I can hold long boards using the original leg vise at the left end of my bench in conjunction.

## What Clubs Across America are doing...

### Central Florida Woodworkers Guild Website: [www.cfwg.org/](http://www.cfwg.org/)

At each month's meeting, guild members show projects they are working on or have finished in the last month. In addition to the types of wood used, members explain the processes they used, problems they encountered, and their work-arounds, tools and fixtures they made to build the project, special set-ups used, and the finish and finishing process they used.

The 2X4 contest was the program.

Terry's 2X4 entry, this used to be a 2X4 standard 8' construction grade. Terry sure has a vivid imagination. It won first prize in the contest.

### Florida Westcoast Woodworkers Club Inc. Website: [www.floridawoodworkers.com/](http://www.floridawoodworkers.com/)

2x4 contest winners for this club.

## Mentors Wanted/Needed

The purpose of TWA is to provide a forum for woodworkers to gather, exchange information & further the art of woodworking. To this end, those more skilled woodworkers are encouraged to become a Mentor to provide knowledge to other members regarding areas of the Mentors skill, experience & knowledge. If you are interested in being a mentor, and willing to help a fellow woodworker discover answers to their questions, please contact Larry Bradbury, 919-518-6891 or [lbradbury12@yahoo.com](mailto:lbradbury12@yahoo.com)

## Mentors

The purpose of this program is to have a reference guide of whom to call when you need to “pick someone’s brain”, *Rule #1 in woodworking: nobody has a monopoly on brains!* This list of people includes: contact information, projects the Mentors are comfortable offering advice about, and skills they would be able to help with.

| Mentor         | Service/Skill Offered                                                                       | Phone Number   | Email Address                                                          |

# CLASSIFIED ADS

Classified ads are free to all members. To have an item posted send a note to: [TriangleWoodworkers@gmail.com](mailto:TriangleWoodworkers@gmail.com) or our Newsletter editor: [irishrose2365@yahoo.com](mailto:irishrose2365@yahoo.com).

All ads will run for 2 months unless otherwise notified.

## TWA LIBRARY

All TWA members are welcome to sign out a maximum of three items at a time. Items checked out are due to be returned at the next monthly meeting. Returned items should be placed in the "Returns" box in the library area. The late fee for each item is \$2.00 per month. Any late fee's owed by a member must be paid before any further materials can be checked out by that member. If you know you can't make it to the next meeting you can avoid the late fee(s) by mailing the item(s) to Kay Baker, 610 Benfield Ct., Garner, NC 27529, or by calling (919) 696-8504.

As we all share a love for wood -- we would like to share the media which we have at our disposal as well. Please be conscious of your fellow member and return items in a timely manner.

*To Check Out an Item*

Find the circulation card located in the back of books and inside of any material in a case. Sign and add the current date to the card. Place the card in the wooden "Check-out-Box" located on top of the library cart.

Librarian: **Kay Baker**

## Bananas Foster II

A great idea ~~ Father's day surprise!

### What You Need

- 1/4 cup butter
- 2/3 cup dark brown sugar
- 3 1/2 tablespoons rum
- 1 1/2 teaspoons vanilla extract
- 1/2 teaspoon ground cinnamon
- 3 bananas, peeled and sliced lengthwise and crosswise
- 1/4 cup coarsely chopped walnuts
- 1 pint vanilla ice cream

[www.trianglewoodworkers.com](http://www.trianglewoodworkers.com)

# Attention Members

Regular club meetings  
begin at 7 PM!

### Directions

In a large, deep skillet over medium heat, melt butter. Stir in sugar, rum, vanilla and cinnamon. When mixture begins to bubble, place bananas and walnuts in pan. Cook until bananas are hot, 1 to 2 minutes. Serve at once over vanilla ice cream.

*“On father’s day we all tried this delicious dessert which everyone loved. Bananas warmed in buttery rum sauce over vanilla ice cream.”*
